

Stockholm, september 1 st 1934

P R O T O C O L

- I. Acting upon the decision taken by the IIIrd congress of the I.A.H.F. held in Stockholm on august 31st 1934, which gave to the president and to a delegate the power to come to an agreement with the representatives of the International Basketball Federation, (F.I.B.B.), the following points were accepted by the undersigned unanimously.
- II. The I.A.H.F. renounces for ever to <sup>the</sup> mandate on Basketball and recognizes as the only ruling power on this game the F.I.B.B., with the understanding, that the latter is to rule Basketball only. The I.A.H.F. and the F.I.B.B. will notify this decision to the I.O.C. and to the Bureau Permanent des Fédérations Sportives Internationales.
- III. All national federations ruling Basketball only, are to be members of the F.I.B.B., to whom they will pay their fees. Those federations, which rule several branches of Handball, including Basketball, will go on paying their fees to the I.A.H.F. and the F.I.B.B. will recognize them as full-fledged members, if Basketball is actually played under their ruling.
- IV. The strictest collaboration is promised by both parties. One delegate of the F.I.B.B. is ~~to~~ to sit with right of vote in the I.A.H.F.'s Board and vice-versa. The constitutions of both federations will be modified to provide for this. These two delegates will deal in particular with all questions concerning this collaboration.
- V. The general assemblies and in general all meetings of a universal character of the two federations will take place at about the same time and the same place.

VI. Bothé federations agree to assist each other in the furtherance of the respective interests on the international plan.
